

# DANspeed Thermo Doors - AT0022

## DANspeed Thermo Doors – AT0022K/AT0022F

DAN-doors Thermo Doors is a cheaper alternative to DANspeed Roller Doors. The Thermo Door is an energy-saving solution and is available for both chill and freezer rooms, for securing less heat and cold loss. DAN-doors Thermo Door improves the working environment as its carefully thought-out design reduces problems in the form of draughts, dust and noise. The door can be fitted on the warm and cold side of the wall.

**Dimensions:** Made by measure, but max. W 3500 x H 3500 mm.

**Door leaf:** 2 designs available. One model consists of 2 nos. 0.5 mm polyester canvasses, Blue RAL 5017 or Grey RAL 7040, which overlap each other 100 % to secure density and to avoid cold-conductors. The other design consists of 2 nos. 0.5 mm polyester canvasses, Blue RAL 5017 or Grey RAL 7040 operating as curtains without overlap.

**Speed:** The model with 100 % overlap is as standard supplied with an opening speed of 1.0 m/sec. and a closing speed of 0.3 m/sec. Without overlap the opening speed is 1.5 m/sec. and the closing speed is 0.3 m/sec.

**Side- and top screening:** 0.5 mm polyester canvas in Blue RAL 5017 or Grey RAL 7040.

**Control of door blade:** Canvas is fitted on a slide valve which is conducted in the track of the anodized aluminium sliding rails.

**Heating arrangement:** The freezer model is supplied with heating cable in top console.

**Electrical Automation:** Supplied with professional door automatic that includes possibilities of positioning as well as speed control through frequency transformer. Control panel 1 x 230 V, max 10A.

**Operating equipment:** Push bottom panels, pull cord switches, radar, photo cell system, induction loops, emergency equipment and switch for other manual door as additional equipment.

**Additional choice:** Vision panel – only available in chill model.

Like all DAN-doors the DAN-speed roller door epitomizes the perfect match between quality materials, precision engineering, first-rate workmanship and timeless elegant design.

Our doors meet the demands in “Foodstuffs Hygiene Directive 93/43/EEC” .

DAN-doors – opening doors to new opportunities.

We reserve the right to make technical improvements – May 2010.
