

Hinged Doors

For Chill and Freezer Rooms

Like all DAN-doors, our hinged door epitomises the perfect match between quality materials, precision engineering, first-rate workmanship and timeless elegant design.

Our doors meet the demands for "Foodstuff Hygiene Directive 93/43/EEC"

Hinged Doors

For Chill and Freezer Rooms

DAN-doors manufactures a wide range of hinged doors for the food- and other industries. What characterises DAN-doors' hinged doors is their robust construction, which ensures operational reliability even in the most demanding conditions. DAN-doors' hinged doors are made to measure as 1- or 2-leaf doors in the standard version. In addition, DAN-doors can offer special fire-resistant or fire-proof solutions, adapted to the needs of our clients.

Thickness

60, 100 og 150 mm.

Insulation

CFC-free insulation material.

Door leaf

Plastisol-coated or stainless steel.
Easy to clean, foodsafe, meets the highest hygiene standards.

Frame

1,5 mm polished stainless steel or 2,0 mm anodized aluminium with installation holes and matching plastic caps. Freezer room doors are available with heating cables in the frame and threshold. All frames are insulated.

Gaskets

Made of foodsafe TPE rubber or silicone, approved for use in the food industry. Sealing gaskets are mounted directly in the frame and can be replaced without tools.

Hinges

Rising hinges of stainless steel with friction-free bushes.

Handles

Fermod handles with or without emergency opening, and with or without locking device.

2-leaf doors

Supplied with espagnolette device on the static door leaf.

Optional equipment

Sturdy door pump adapted for each individual door, double-glazed windows with frame in aluminium or stainless steel. Windows are not recommended for freezer doors. Drip cap is recommended for outside doors.

Windows

Standard size 150 x 300, 400 x 600 or 500 x 600 mm. (Only for chill doors)
