

Hinged Doors

– Industry

Like all DAN-doors, our hinged door epitomises the perfect match between quality materials, precision engineering, first-rate workmanship and timeless elegant design.

Our doors meet the demands for "Foodstuff Hygiene Directive 93/43/EEC"

Hinged Doors

– Industry

DAN-doors manufactures a wide range of hinged doors for the food- and other industries. What characterises DAN-doors' hinged doors is their robust construction, which ensures operational reliability even in the most demanding conditions. DAN-doors' hinged doors are made to measure as 1- or 2-leaf doors in the standard version. In addition, DAN-doors can offer special fire-resistant or fire-proof solutions, adapted to the needs of our clients.

Thickness

50 and 60 mm.

Insulation

CFC-free material.

Door leaf

Plastisol-coated steel or stainless steel. Easy to clean, foodsafe, meets the highest hygiene standards.

Frame

1,5 mm sheet of polished stainless steel with installation holes and matching plastic caps.

Gaskets

Made of foodsafe TPE rubber or silicone, approved for use in the food industry. Sealing gaskets are mounted directly in the frame and can be replaced without tools.

Hinges

Rising hinges of stainless steel with friction-free bushes.

Handles

M-U handles, available with plain plate or plate prepared for cylinder lock and catch.

2-leaf doors

Available with espagnolette device on the static door leaf.

Optional equipment

Cylinder lock, sturdy door pump adapted for each individual door, double-glazed windows with frame in aluminium or stainless steel. Drip cap is recommended for outside doors.

Windows

Standard size 150 x 300, 400 x 600 or 500 x 600 mm.
